Dear Dr Lauth,

I first heard of you from Father Gregor Zier of Mariannhill, and more recently from Dr Hugo Kellner. Unfortunately I read German with difficulty otherwise I would subscribe to the EINSICHT. It is a pity you do not arrange with Dr Kellner to have an English translation for circulation in English speaking countries

We, in South Africa, are in a more tragic position than those in the United States for instance. We have no Eastern Rite Mass to fall back upon and what goes on in the once Catholic churches is totally alien to our Catholic background and Catholic common sense. Our plight is in some respects worst than what the Christians suffer in Communist countries; because here we are persecuted by the supposed guardians of our Catholic Faith, which they have betrayed; whilst those behind the Iron Curtain know where they stand with the atheist overlords and their Faith is strengthened; whilst with us the hireling taskmasters are killing the Faith by ~~it~~ destroying the Catholic Church into a Protestant rubble and they even boast how successful they have been in annihilating the Mass. They raise fulminations against democratic governments for trying to keep law and order, and shout about the absurd "injustices" whilst what could be more outrageous than stealing what God gave to us as our heirloom on our Baptism - the Catholic Mass? They had the custodianship of the Most Blessed Sacrament, and what did they do? Let in the wolves of Hell to attack the Holy Eucharist, and ravage the bewildered Flock of Christ! There is not even a "good" criminal about to say to the Eucharistic Christ (mystically crucified) "Lord, remember us in Thy Kingdom", for the Tabernacle was the first to be 's ch m e i s s e n d r a u s' from God's own house, and the repentant sinner has nowhere whereby to turn. That is the position now; but what does the future hold? One does not need to guess. God will react with His Divine Justice and the boomerang will be the great persecution of Anti-Christ as a punishment for the greatest sin ever committed - that of trampling underfoot the Gift of God, of God Himself.

The lawyers of Beelzebub, in their diabolic lunacy, advocated that the divinely-instituted Church of Christ, needed updating in Luciferous Modernism; and the whole world stands in admiration of the Beast and is spellbound at his power. The ever Holy Ghost is sneered at being ancient and old-fashioned in guiding the Church; which is not in keeping with the hippie modern man and his mini-counterpart. These fiendish fanatics demand that Heaven should skip hand-in-hand with a world steeped in sin and in utter decayance. The keys of the Kingdom have been used to open the bottomless pit and let in the 'maniacs of ecumenism' to dismantle the Church and disband the fold. No purpose would be served to save the species of mankind that has gone completely insane by going head over heels over the Devil. Since the Mass has been officially abolished from the Chair of Peter, the waves of Evil have submerged the whole earth in a deluge of wickedness. The Elect Faithful can but cry out like the Apostle "Lord save us or we perish" if the days are not shortened.

The above nightmare is not a fantastic story but is real, real, REAL. Where are the labourers of Christ's vineyard hiding, and where are the Apostolic harvestors sleeping? The Church is in her agony and passion without a Cyrene layman helping to carry the Cross. Without the Head the mystical body is decapitated and in convulsion and confusion. Is there NO ONE who asks why the Mass is persecuted? What sad and sorrowful times we are living in! May God have mercy and spare the many Faithful who pine and groan in this luckless 20th century of ours. "O Lord remember how Thou was tied to the pillar and scourged have pity on us and save us".

*Yours very sincere

Dr Lauth I wonder if I could suggest that a certain English priest could visit you when he goes over to England very soon? He is placed in very peculiar circumstances and is very undecided what he should do. A medical practitioner by profession and a late vocation. He was ordained in 1965 and had offered himself as a missionary doctor to the South African missions; but with the mutilation of the teachings of the Church, especially the Protestantising of the Mass, he finds he can no longer, in conscience, serve the Catholic establishment, as it is in variance with Christ. There is no one in this country who openly professes disapproval for the diabolic changes that have taken place in the Church. There is no formal resistance nor any kind of pockets of objection from the laity as one finds here and there in America and Europe. If only some Cardinal would be instilled with Apostolic zeal and live up to his convictions there would be some sort of leadership, whereby the obscure clergy-Nicodemuses could rally round and the laity of Arimathea would then come forth to attend to the crucified Body of the Church. The priest mentioned is now here in Pretoria and I could contact him anytime; but I must know very soon what is your answer for him to make the necessary detour in his limited travelling time. I feel it is absolutely essential that few remaining loyal ~~Catholics~~ Catholics should get together.
