April 16, 1982.

It was April 2, 1982, when I sent you my last letter. Although, I received a few copies of the EINSICHT for distribution, however, I did not receive any personal letter from you.

I tried to contact you today by phone, but from the mail address the operator could not establish your phone number.

Could you possibly give me your phone-number in that way, that I could dial your number directly (without the assistance of the operator)?

I don't know, if I have given you my phone-number, or not. Here it is:

Area code: 518, then you dial: 462-2016. Of course this is in the USA.  
Name is: St. Michael's Chapel, Glenmont, N.Y. - near to ALBANY, N.Y.

As I indicated to you in my last letter, we traditionalist priests had a convention to discuss the present circumstances and the things that are to be done. In the USA we have about ~~300~~ 30-40 traditionalist priests who all work independently, except the ORCM organization, which has 4 priests among its association. At the meeting 4 other priests showed up (including myself). This is presently the only group in the USA (non counting the St. Pius X, Soc. under Archbishop Lefebvre) which could come together and achieve understanding. The ORCM sent out more than 40 invitations; only eight priests took the effort and sacrifice to come to the meeting.

This convention has selected one of its members to be consecrated as bishop, who then would serve the spiritual needs of traditionalist Catholics, including ordination of worthy men for priesthood - in this part of the USA.

I suppose, the two new Mexican bishops, and the newest American bishop, (consecrated by Bishops Camara and Zamora) Bishop Musey, would be willing to consecrate our candidate for the episcopacy. But if there is a choice for him, our candidate would prefer to be consecrated by Archbishop Martin Thuc in München (or in any other suitable place). Our candidate has been a priest already for 46 years. Including 7 years of being a pastor of a traditionalist chapel for the true Mass and true Catholic religion. He speaks a little German, no Spanish.

Next week, April 23, the Mexican bishops will be in Dallas, Texas, USA, to celebrate pontifical High Mass. I hope I can see them there (I received invitation to the event). Certainly we will discuss the need for bishop-consecration.

I would be happy to receive an answer to my present letter, before I fly to that event in Dallas, Texas. Although, the short time does not give me much hope for this. If by good chance you would receive this letter in time to contact me by phone, I would appreciate it very much. - If not, then I have to be satisfied with an answer at a later date. If I go to that event, I will leave my place in the morning of April 22, 1982, and come back on April 24.

For the traditionalist cause, things are happening now very fast.

We priests at the above convention thought, that it would be better if this new consecration would happen before the new Codex Iuris Canonici will be published. Not because we give any significance to it (it will be another piece of heresy anyway), but keeping in mind the brainwashed Novus Ordo Catholics (hundreds of millions) who are still afraid of the word "excommunication" by the Vatican.

Please, excuse me for typographical errors. I just came back from the convention, and the accumulated office-work is pressing me.

As I mentioned in my last letter, we would appreciate if you send us some news-items, or articles which would interest the readers of our monthly publication.

In the traditional Faith,

with prayers and blessing,

*Father Vidal*
