Dear Dr. Heller, Your letter arrived Sept. 22nd. Please note change of address - I have not as yet a great deal to report on Bishop Musey's Sacred Heart Seminary. Arrangements were made for the continued studies of the two students I had at Waterford, and that left me free to move to Houston - near the Bishop. It was a long hot journey by car and trailer van, 2132 miles.

We are looking about for suitable property, but at the moment finance is a problem. There seems to be a number of men interested, however. Dominus providebit. Very few priests have joined the Bishops, but I hope wiser counsels will prevail in due course. I am sure we can count on your good prayers. I hope your family are all well. It was a great joy to meet you all.

May God bless your efforts for His Church. Please convey my good wishes to Dr. Heller.

Sincerely in Christ
Fr. Thomas G. Fouhy,
