Dear Eberhard:

I have your card 27/4/70, please pardon me for answering until now, but our country is in the middle of an economical storm.

Gloria has sent you the curriculum vitae of Fr. Daniel Jones and Father Vida Elmer, the 2 candidates from USA. Also, Bishop Carmona sent you photos of the consecration of Bishop George Musey. Gloria sent you his curriculum vitae. I donot have this information.

Regarding collaboration with priests of St. Pius X Society, there is not such possibility now. Two weeks ago, Fr. Hector Bolduc Distruc Superior for Southeast of USA, for Bishop Lefebvre, declared that an agreement has been drafted between Rome and Ecône, that it only needs signature, this has been promoted by Cardinal Ratzinger.

Now, the actual position of Mgr. Lefebvre is schismatic. Regarding the validity of his consecration, Gloria is sending me the opinion of St. Thomas in the case of the occult heretic. It is a matter for study for Mgr. Thuc and Mgrs. Carmona and Zamora, for the future.

I regret to learn that Archbishop Thuc is ill. I hope he recovers his health.

The declaration of Archbishop Thuc has been published in Trento. I know Gloria is sending you this special number.

I can imagine the problems that you must have, after publishing the declaration in four languages. It has been very important.

Please give my best regards to Dr. Hiller, and your families.

Yours in Christ, and Mary,

  
Anacleto.
