Dr. Eberhard Heller.
Munich Germany.

Dear Eberhard:

Thank you for your letter 17th. instant. I have asked Bishop Martinez for an article. I am going to Acapulco to rest this week, will ask Bishop Bravo an article also. Please have in mind that our Bishops take care of several parishes, as simple parish priests.

I talked two days ago with Bishop Musey. He is ill. He has asma since years ago. But on december 17th. Bishop Musey ordained 4 priests and two deacons from a benedictine monastery seminary at Yancalla Oregon USA. It is under direction of Father Francis Edward Nugent, a traditional priest for many years. The monastery is named Mount Zion monastery. Bishop Musey will send you and us photos and more details as soon he is better in health.

Archbishop Thuc is resting at Rochester seminary. He has to become used to the USA time, which is different in 8 hrs. than in Europe. Bishop Musey says they plan to have meetings with priest and catholic groups, as soon these festivities of Christmas and New Year are finished.

We have 100% inflation in our country, past govt. confiscated all private banks and industries on which banks had stocks. This Govt. accepted the International Monetary Fund program, tax high the mexicans to pay the external debt, which is 80,000 million dollars. Sales tax will be 15 to 20%, profit tax from enterprises 75%, personal tax up to 65%. Rockefeller and Kisinger were here to see our new President, and he accepted the international bankers program, which means more unemployment, no economic growth, hunger, and perhaps revolution, when the masses in despair are induced by the communists to take over the wealth of rich politicians and rich mexicans. Our corrupted politicians managed immorally the dollars from petroleum. Therefore, we expect a revolution next year.

As a consequence, the future is in USA. Two Bishops, 2 seminaries already. The middle class is generous, disciplined, and they have studied catholicism since they live in a protestant country.

Therefore, I insist that Archbishop Thuc, through you or the USA bishops clarifies the last accusation of Barbará, regarding the ordination of the schismatic Meunier, in a schismatic chapel, september 1982. Barbará has sent this attack here to all bishops, priests, laymen. We are not worried for his argumentation, only by the accusation of the ordination of the schismatic Meunier.

Best regards,

Anacleto
Anacleto.
