Dr. Eberhard Heller,

Dear Eberhard:

I have not yet received news from you regarding the last attack from Father Barbará against Archibhop Thuc. He is in good health at Rochester Seminary teaching latin to the young mexican seminarians.

Today arrived Enrique Salinas, I enclose the last issue of Ariete, where he publishes the doctrinary basis of the Mexican Catholic Youth Asociation, which resisted the religious persecution in 1926. Mr. Salinas is very grateful to you, since with the 60 Dlls you sent him he could send Ariete by mail. Postage in Mexico raised in price from 0.80 Mex Coy to 6.00 for mail inside the country and from 1.30 to 13.00 to foreign airmail. Without your 60 Dlls it would not have been posible to send Ariete in Mexico and foreign countries.

Please, have these doctrinary principles translatted and printed in Einsicht, thse are catholic principles on man, family, society, private property, work etc. Very important in this times of confusion and heresy.

Bishop Vezelis telphoned me. It seems Archbishop Thuc is planning to stay for some time in USA. Even they plan to come to Mexico. I suggested this is done in spring.

As I wrotte you the situation in Mexico is terrible, and it seems it is also over the world, what can we expect if the so called catholic hierachy is in shoism ,apostacy and sacrilege.

My best regards to your family and Dr. Hiller.

Sincerely

Anacleto.
