Dear Eberhard:

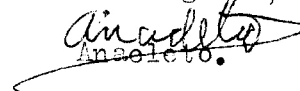

The meeting of the american and mexican Bishops to draft the joint declaration has been rescheduled for may 24th., upon request of Bishop Vezelis. Gloria received your notes on time, and they have been included in the notes Bishop Carmona made at Gloria's home. Each Bishop has his notes, of course.

You ask that ~~this~~ document is translated here in english and french. I donot have money for this. It costs 3 Dlls per page, let us say about ~~100~~ 40 Dlls.

Also, Bishop Huscy informed me today that the complete team of The Roman Catholic, that is Fathers Kelly, Sanborn, Cekada, Jenkins, Dolan, etc. abandoned St. Pius II Society. They published a letter and Eccone another one, wether they left Eccone or Eccone threw them out, I donot know, but this is a public fact. Prof. Dryden is supporting them, and aparently Prof. Dryden does not accept the catholic Bishops, of this I donot have proof. Perhaps you can wirtte him.

Please excuse me, but my office has been without work since January 1982, only one month we had a contract.

Kindest regards,

  
Anacleto.

PS-Bishop Carmona sent a letter to Bishop des Lauriers inviting him to come to the meeting.
