INGENIERO QUIMICO

AV. RICARTE 461

MEXICO 14, D. F.

September 12 1983.

Dr. Eberhard Heller.
Munich Germany.

Dear Eberhard:

I have not received letter from you for some time. I realize you must be very busy. The Divine Providence has given us work in my office until december. Thanks God.

Enclosed the newsletter "Bonum Certamen" of Abbe Henri Moreaux, please contact him and ask for the 1983 issues. Father Moreaux is a witness that Father Barbará has celebrated the Novus Ordo.

We never trusted Father Barbará. When he visited Mexico when Father Saenz was alive, he went to our headquarters, and wanted to take a photo of our leader, permission was denied of course. We have been in the battle against judaism for 40 years, the judgement of our leader is that Father Barbará acts as an agent of judaism.

My father was denounced, where he was directing the resistance by a lawyer that went daily to mass, but he was a hidden jew, and tried also to destroy the catholic resistance after the cristeros. We battled against him, he made a mistake, he became involved in an economical fraud, scandal, we finished him politically and socially.

The Bishops are well, working, we have our internal problems, but more mexican seminarians are going with Bishop Vezelis.

Yours in Christ the King and Mary Mother of God,

Anacleto
Anacleto.
