Dear Nicolaas:

Thank you for your letter august 11th.

Regarding the problem at Toluca, the Mexican seminarians are here. They are the source of the accusation, not precisely Bishop Eusey.

On July 25th. Bishop Eusey ordained to priesthood Mexican Manuel Gajda, whom left a pontifical seminary to join Bishop Eusey seminary for a valid ordination. The new priest is at Acapulco helping Bishop Carmona, whom has the new priest in observation. Bishop Carmona plans to send the new priest to I-gualapa Shrine, and have Bishop Bravo back at Acapulco as Director of the new seminary, where the 6 Mexicans plus 5 more will be trained to priesthood. Land and building will be bought outside city which atmosphere is very secular due to tourism.

Next September two priests from St. Pius X come to this city to try to absorb traditionalists, trying to profit from scandal created by Bishops Zamora and Martinez, whom made a third publication on July 20th., against Bishop Carmona and Union Catolica Trento, pushed by Mr. Arvalo. Cost of publication estimated 2000 Dls. At Buenos Aires Argentine St. Pius X has seminary with 41 students, 15 of them Mexicans. Thus, we need seminary since Bishops Carmona and Bravo age is 70. All groups and small towns are loyal to Bishops Carmona and Bravo, exception made of San Miguel Acapatzing Cuernavaca, which surrendered to recognize John Paul II. Small towns and groups donot accept St. Pius X.

I have never received The Seraph. Please send me copy of what Bishop Vezelis writes against Bishops Eusey, Altenbach and Siebert. Father Vida Ulmer submitted himself to Bishop Siebert, thus I think Bishop Vezelis is inspired by passion. I have a book against the NCI by former Father Altenbach. I have asked Bishop Eusey to notify officially the ordination of Manuel Gajda to Dr. Heller, have had no reply myself.

The charges against Father Touhy are true. Regarding the Lion Monastery, I received last week enclosed photostat from Bishop Vezelis, the writing comes from the pontifical Church evidently.

I have not received your letter on "Specialiter-Congregatio Pope". It is incredible that layman have to help Bishop G. des Lauriers, laureati in Theology. But this is what is happening.

Satan is behind all problems of the Catholic Resistance. The kidnapping of Archbishop Thuc, and the divisions among Bishops. I donot see possible a Convention or Imperfect Council under circumstances. However, we must do all we can, Our Lord has the last word, not Satan. Yours sincerely,

Anacleto.
