Dear Ebrhard:

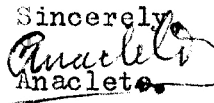

Saturday 17th., Bishops Zamora and Martinez published another attack , now against Bishop Carmona, to whom they accuse of having given his name to the masonic sect, since he promoted Unión Catolica Trento.

They blame Trento as masonic, since, they say anybody to join the organizacion, has to make the oath against modernism, an oath of fidelity to the catholic faith, and an oath of keeping secret of delicate matters discussed inside the Union Catolica Trento!!!!

We all regret very much what has happened, but Bishops Zamora and Martinez are in the hands of Mr. Arévalo Lupercio, whom writes the documents against Bishop Carmona and Trento, and both Bishops Zamora and Martinez obediently sign what Mr. Arevalo presents them.

Also, some one aproached Bishop Vezelis, telling him that the seminarians sent to him are directed by jews and want to infiltrate his seminary. Fortunately Bishop Vezelis came to Guadalajara and Acapulco and everything was cleared up.

However, we still have the seminary with Bishop Vezelis, and hope young obedient priests will come back to Mexico to take care of Churches. Bishop Musey is about to open another seminary. Archbishop Thuc is still in the hands of posconiliars, Bishop Vezelis does not know where they have him.

Sincerely

Anacleto.
