Dear Eberhard:

According Bishop Carmona, on october 1884, Pope Leo XIII had a vision of Satan asking 100 years to Our Lord to destroy His Church, and for that reason Pope Leo XIII added the prayer to St. Michael after the Mass. This 100 years would end on this cotober. On the meantime we are having terrible blows from Satan on the Remnant Catholic Church.

The shcism of Bishops Zamora and Martinez, product of pride and ignorance.

The terrible situation at Rochester Seminary. We are having no more mexican seminarians sent there and the ones we have there being asked to come back. Bishop Musey does not have money to set up a regular seminary, he has one with Father Fuhi, and 3 seminarias, 2 of them mexicans.

I have had to close my office, before going broke, because of the economic crisis. Our nation has to pay principal and interest to inter-nation bankers on about 90,000 million Dllrs. The loans went trough the drain with our sorrpted governments.

Ireceived the work in english from Bishop des Lauriers, he holds the position that the election of JP II was valid, and then his thesis of materialter formaliter. What a confusion HE. Bishop des Luariers, does not want to consider Paul VI heretic, I read his book, the Chair of peter, is Vacant? HE Bishop des Luariers, with great knowledge on theology asks us paymen to have charity on Paul VI as HE says St. Joseph had with our Holy Kother. The comparison is out of the question.

I am at home, will have to go trough surgery in ten days.  
Prostate.

However, Bishops Carmona and Bravo are fine, planning to go to USA, to consecratte Father Altebach, Father Sievert and Father McKenna OP. This latter one is a good theologian, have had months of correspondece with him. He went to Yale University to verify the doctrine of St. Robert Bellarmino on the case of heretical Pope and the Conventus or Imperfect Council. Bishop Carmona had the visit of Bishop Musey and informed bout the problem in Rochester agreed to the consecrations in USA. Bishop Musey is ill, he has always been, and he might become incapacitated, and thus, under the circums-tances more Bishops are necessary in USA. He asked Fathe Baker from England also if he could become a Bishop.

We need a clear good thologian like Father McKenna. This battle will be won by God, of course, but good firm clear theologians are needed: Sede Vcant-Imperfect Council-"Quo Primum Bull" "Paul IV Bull" etc.

You might know of the episcopal manifesto of Bishop Castro Mayer, well he is Abp., and Abp. Lefevbre. Also of the press conference where Abp. Lefevbre said he might consecratte bishops if situation gets worse. I donot see how worse it can get.

Best regards to your family and Dr. Hiller. Sincerely,  
It is a long time since you have published works  
of Dr. Disandro, Argentine.
