Dear Eberhard:

I have yours dated 14th. My health is good, came out from surgical intervention well.

Sent you a telegram informing you of the terrible problem at Rochester. Apparently you did not receive it.

From your letter I realize that Bishop Musey has not sent you information as he promised to me. We are taking back all mexican seminarians from Rochester.

We have been reading about Pope Leo XIII vision, october 1884. Satan asked 100 years to destroy the Church of Jesuschrist. We have done everything posible from the human side. We expect the intervention of our Lord, to end this crisis.

The seminarians will go to Bishop Carmona. Oh; I wish we had bishops with strong theological concepts, acusing Paul VI, Luciani and JPI. This is not the case. Bishop des Lauriers, ML in Theology, does not want to declare Paul VI was heretic, because of charity.

This is the situation, it is terrible. We have exhausted human actions.

Sincerely,

Anacleto
Anacleto.

PS. Gloria had a document of 20 pages entitled Exsurge Domine, drafted with Bishop Carmona, as a basis for the Acapulco declaration. But at the time of the meeting it was ignored.

The terrible problem at Rochester.

XX mexican semiarian at Rochester, was nominated Superior of the Seminary. He tried to escape one day when at Father Altenbach parish. He was reprimended as disobedient by Mgr. Vezelis. He replied in public: I am desobedient you know why.

XX finally scaped. He came to Acapulco, and was sent to Bishop's Musey Seminary. Where he confessed his problem: Homosexualism of his Superior. In the meantime Bishop Vezelis traveled to Acapulco, to obtain a letter from Bishop Carmona to have XX back at his seminary, under obedience. His Superior had been calling him by telephone demanding his return. The letter was signed by Bishop Carmona. Bishop Musey refused to give XX back, since XX had confesed him the problem. Bishop Vezelis went to the seminar and tried to get XX by force, beating Father Fuhy. Confronted with the acusation Bishop Vezelis said XX is posed. Your actions acuse you, replied Bishop Musey.

This is very sad and dirty, wish I had never had to writte you about it, Gloria does not want to hear about this matter. But we must, we have 7 young seminarians at Rochester and 5 more ready to go.

One man of confidence was sent to USA to investigate. He visited Bishop Musey and his seminary, where XX is now. He visited Rochester. The mexican seminarians told him that the Superior had fallen in love with XX, making him Superior of the Seminary, etc.

Last week, one of the remaining mexican seminarians called by telephone all want to come back, for obsious reasons. They donot want to be corrrupted. Bishop Carmona is getting ready to receive them.

The reasoning behind Bishop Musey consecrating Altenbach, whom has published a book on the NOM proving it invalid, McKenna and Siebert, is that B. Musey is ill, he has lung enphisema. He has been invalid in past years, should he become invalid again all USA would be in hands of Rochester. This he came to explaing B. Carmona and Bravo. We hope McKenna, whom is a thologian will writte a deep document on the heresies of Paul VI, luciani and JP II. Mgr. Zamora has nothing to do with these consecrations. He is traveling all Mexico saying that Mgr. Carmona is a jews, Gloria is a jew, I am a jew, etc. He has been relected by all groups he has visited. Mgr. Zamora is an intellectual midget, with an inferiority complex.

This is the situation, all our hope was with Rochester seminary or a seminary since God knows the Church needs priests that donot pray at Cannon of the Mass for JP II.

We thought we had the bishops and the seminaries, to preserve the Church. but we never thought that the priests are made of human clay, and fail terribly. I cannot sign this information, since it would be dangerous if it falls on enemy hands if your mail is opened and closed. End.
