As we wrote you we expect an explosion socially speaking in June.

We need to make a publication, spanish text attached, it will be signed by the catholic layment, demonstrating that the world crisis, and the mexican crisis is religious, by the apostacy. This apostacy closes the circle initiated in the Renaissance with the neopagan humanistas, the cabala introduced in Christend the protestant Revolution, Luther, the torafists Nicolás de Lyra Rosacrucianism, anglicanism, the masonic anglosaxon power, the French Revolution, freemasonry, Marx, the Rothschilds, Heine, the I International, La Comune at Paris, the cabala Spinoza, Leibnitz, Hegel, marxism, cabala and freemasonry, the comunista revolution. International High Finance, financing english revolution, french revolution, comunista revolution 1917, and financing Hitler. Revolution in MEXICO? PAST CENTR Y THE PROTESTANT Reform Laws to destroy Mexico as catholic Nation by pressure of USA freemasonry, Godless Consitution, godless education, our 1910 revolution, our 1917 Consitution, godles education in schools, mexican heirarchy apostacy, Apocalipsis, "One pound of bread is worth one denarium"(the daily wage of a worker. The esoteric sects proclaiming Antichrist is born, with paid advertisements in New York Times. Our Lady of Fatima. The mexican moral and economic crisis is the result of almost 200 years of Revolution in religious sense, Lucifer and his angel the first revolutionaries. The Remanant in Mexico. The catholic bishosp, the preservation of the Catholic Mass and Catholic Religion, etc.

We don't have the money to publish this. If we print it will cost 100,000 pesos the printing, the mail for 10,000 copies 420,000 pesos, our Govt. increase mail cost 10 times, plus typing 10,000 adresses, 20,000 pesos, plus envelopes 20,000 pesos. It would only reach 10,000 people, half of them clergy. The other alternative is to publish it at paid space in Excelsior the most read newspaper in Mexico it costs 250,000 pesos plus 15% sales tax, 287,500 pesos.

The actual exchange rate of pesos vs. dollar is 148. Therefore the newspaper publication, which would be read by 200,000 families costs 1942 Dlls. We ask you charity, to donate from your group in Munich as much as you can. We are asking the americans for donations. We will send you the invoice as an accounting document.

This text, is being taken to Bishop Carmona to review the religious part.

We are also preparing a manual of self-defense for the mexican citizen and families, there have been many kidnapping of children, roberies, with murders, this manuel would have at the final part the devotion to Our Lady of Fatima, praying Rosary daily, the catholic catechism, catholic moral, and the Church crisis. I am myself a graduate in martial arts and weapons handling.

Please help us, this book would be printed by a publishing house, for this we need no help.

Best regards to your family, Dr. Hiller.

Sincerely,
Anacleto
Anacleto.

PS-Just received a letter from Father Vida Elmer. He is resented because he has not been consecrated. I attach copy of my reply. If you can send the donation, please send it in my name, on a Mexico City Bank. If it is on a New York Bank, the mexican bank sends it to New York for collection and is delayed 30 days or more. Now the banks have been confiscated by Govt and they have these new rules.
