Dr. Eberhard Heller.
Munich Germany.

Dear Eberhard:

Under separate cover I am sending you the attack against Archbishop Thuc, the American, and French Bishops made by the Northeast section of the St. Pius X Society in USA. They did not dare to sign it. They made a great mistake, using Hillaire du Berrier, a connection of the masonic protestant John Birch Society, to slander Archbishop Thuc and his brothers.

We have distributed the counter attack in USA.

Also, enclosed last issue of Ariete, where notice from Brazil arrives of a group of 5 Monsignores and 20 priests, we believe followers of Archbishop Castro Mayer. They published good doctrine, we don't know if they recognize JPI. Archbishop Castro Mayer had the Catholic Mass for himself and many priests, but he allowed some priests to say the NMN, since he wrote he had "Superiors". (This means he recognized Paul VI and the Antipopes as Popes).

As you know we have the visit of JP II next month to Central America. After that visit we would like to publish the essay on the religious nature of the world and Mexican crisis. We depend on your generosity and from USA Catholics Bishop Muesy is gathering funds.

It is important that we explain in Mexico, and later in USA that the crisis is religious, not economical.

I received Einsicht, February 83 in German, with the article on Tradition from ~~the~~ Bishop Zamora. We have also the monograph from Father Vida Elmer attacking the Catholic Bishops. He is resented, he wanted to be consecrated or at least he hoped so, he wrote me a letter telling me that USA consecrations should be screened by Fr. McKenna. Of course the Mexican Bishops did not accept that. Fr. McKenna is giving a good fight. Part of his laymen suited him, want to throw him out of the Chapel. He is defending himself. If you could send him 50 Dlls, it would help him to absorb the costs of the legal action. I wrote him and Father Elmer trying to persuade them to be united to the Bishops, very friendly.

Yours in Christ the King and Mary Mother of God,

Anacleto
