Dear Eberhard:

We have the Osservatore Romano with the official notice of the invalid excommunications of Archbishop Thuc, the Mexican and American Bishops. Today Mgr. Carmona meets with Gloria Nizera at Tampico, to make doctrinary notes of an official declaration of the Archbishop and Bishops, replying to the so-called excommunication. Bishop Carmona asked the American Bishops to come to Mexico with Archbishop Thuc, but Bishop Vezelis says they have no money.

This declaration must be published at paid space in at least 2 Mexican newspapers. This costs actually 300,000 pesos or 2,000 Dlls. We do not have them.

This doctrinary reply, should be also known in USA at least in the Seraph, and Europe, in Einsicht.

As you know Abe de Nantes heads a pilgrimage to Rome on May 13th. to accuse of heresy schism and scandal to John Paul II. Although Abe de Nantes does not accept the Catholic Bishops consecrated by Archbishop Thuc.

This is the situation. Mgr. Carmona and the Mexican Bishops work very hard, as parish priests, but they do not have a universal vision of the struggle for the Church. Gloria is helping them.

Kindest regards,

Anacleto
Anacleto.
