Dear Eberhard:

This is to wish you a peaceful Christmas, and a peaceful 1988, as well as your family and Dr. Hiller.

It is a long time since we have exchanged letter. The religious situation continues bad, Father Felipe de Jesús Palacios died, Bishop Adolfo Zamora died. Bishop Carmona ordained two young men whom helped him in Masses. As you know better than I do, Abp. Lefebvre is negotiating a surrender to JP II.

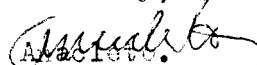

This year our inflation up to October was 127%, in October our peso devaluated 40%, prices for food, have increased terribly. Our Gov. has lost control of economy, 3 days ago, they increased gasolien, fuel, gas 85%; electric energy 85%; sugar 81%.

We donot know what is going to happen. Salaries were increased 15 now, in January first 20%.

The people are irritated with reason against our Govt., but it is not only their fault many millions of Mexicans donot work idplined and organized, with a high sense of respon ability.

Please pray for Mexico and for us. Many traditionalist bulletins coincide that these terrible times, violence, hunger, wars, anguish might be the prologue to the coming of hte Antichrist. They, the leaders of the jews, bankers and rabines, have Jerusalem. Their goal is to rebuild the third temple, where they receives as "Mesias" to the Antichrist, latter the jews will convert to catholicism.

Sincerely,

  
Anacleto
