Dear Eberhard:

It is a long time since I have had no direct news from you, Mr. Nicolaas Hettinga wrote we you have a new baby. Congratulations;

The purpose of my letter is to ask you that you print in Einsicht the cristero oath as per photocopy attached from the book "The Cry of Blood" by catholic historia\_n Barquin Ruiz. You can have it translated.

This since now even Bishop Bravo broke with Bishop Carmona and is accusing him of jew and freemason.

The reason I ask you to print the cristero oath of keeping secret of matters that would put in danger the cause, is that Union Católica Trento had an oath: To keep secret of delicate matters of Union Católica Trento.

Unfortunately, I must be frank with you Bishops Zamora and Martinez first, were influenced with attentions and gifts my Mr. Alfredo Arévalo, unknown in traditionalism, whom started to attend the Mass center in the old house of Father Saenz. Now Bishop Bravo. I am not asking you to use Einsicht to publish this latter only the cristero oath, whom was of men and women whom gave their lives against persecution of President Plutarco Elias Calles, whom was a jew according New York magazine "Reflex", and in order that if you receive news from Bishop Martinez and Bravo you know that unfortunately they are manipulated by Mr. Arévalo, which sounds childish but it is so. They just invited Bishop McKenna OP from USA, and they do and sign what Mr. Arévalo tells them.

Bishop Martinez lives at Zamora Michoacán, has no mass center or Mass circuit, he attends a group at Guadalajara every sunday or so. Bishop Bravo is in small town on State of Guerrero, he came to say Mass at Guadalajara in an act in remembrance of my father, two years ago.

What I also desire is information from you, since I donot read german, on the situation of the Church the "Theats" to consecrate of Abp. Lefevbre. You know Mgr. G. des Lauriers died, before he consecrated a priest at Turin Italy, before Father McKenna OP was consecrated etc.

Best regards to your family and friends,  
Sincerely

Anacleto.
