Dear Eberhard:

We are to move to Guadalajara. Reopened my engineering office last december, made many proposals, but they did not materialize. I have been in correspondence with Bishop McKenna OP, and Mr. Mincolaas Maria Hettinga.

For years we attended Mass, confesed and had Comunion with Father Bernardo Flores, mercedary expelled from the posconciliar church, since he protested against heresies from a Canon in a conference at the Bishops home. He confessed me, before I went surgery 1984. He celebratted the catholic Mass for us, next year on our 26th. aniversary of wedding, but he wes asahited at his home and killed 19 june this year.

Since then, we have been attending Mass at the chapel of the St. Pius X Society here in Mexico City.

I had to confess, since I was in mortal sin. I had work only 2 months last year, and 2 months this year. We are trying to sell our home, our friends at Guadalajara furnish us an smaller home at Zapopan Jal. which is the capital Guadalajara:

Av. Moctezuma 4838
Colonia Mirador del Sol
C.P. 45050 Zapopan Jal.

The econimc crisis is a hurricane, I donot know what will be- came of us. We are getting rid of extra materials, since the home which we must go, is almost half of this.

Bishop McKenna OP has consecratted, you know, Bishops Vida Elmer, Oravec, Bedingsfeld, Munari. They are in the position of late Bishop Gerard de Lauriers.

Bishop Zamora died. Bishop Martinez is going to Guadalajara on wekends, where he has a group. St. Pius X Society has a chapel there.

I remeber Archbishop Thuc, Dr. Hiller and you at Munich. I re- member now all my participation in the catholic resistance. I have had errors. But I became yoncinned at Colombia, that Paul VI was destroying the Catholic Church, when Father Saenz shouted me: Anacleto; See your Pope! He, Paul VI was ^{going} giving comunion to protestants. The I became a supporter of Father Saenz, until his death.

Give my best regards to your wife, your children, and Dr. Hi- ller. I have wrotten Bishop Carmona and Gloria Riestra. Selling this house, we will have money to pay the Guadalajara house, and to move, etc. My daughter Lourdes Maria will have a scholarship at Guadalajara Autonoma University high school. She is 15. My son does not want to go Guadalajara. Both Yolanda and me are under terrible pressure, her mother crying part of the time. I am not well in health. I have heart insuficiendy, and a coronary problem. Yolanda, my wi- fe has had 3 threats of stroke, and a tiroides problem. We were 10 years without children. She lost them. Had to stay in bed the 8 months of my son and my daughter. Well Ebrhard, I dnot take more of your time.

Yours in Christ and Mary Mother of God,

Anacleto
