Dear Reverend Father!

Having read of you and of your commitment to the Church, its Truth and Traditions in Southern Cross (Catholic Weekly for Southern Africa, Capetown) No. 2868, 14. Sept. 1975, we allow ourselves to send you a copy of our Magazine "Einsicht" in which we reprint in German the above mentioned article (See "Einsicht" pg. 191).

We hope that either you can read German yourself or that you can pass this magazine to one or the other of your friends or community members.

Our magazine's aim is to disclose the treasures of our Church, to defend them against the modern heresies and show our readers where these originate from.

We share your conviction and we hold the New Mass Liturgy of Paul VI. for invalid, we see in Paul VI. at least an heretic and a man who carries the main responsibility for the present day destruction of our Mother Church. Accordingly we do regard the Holy See presently as vacant.

We would appreciate a response from you or from the members of your community and we would gladly keep in contact with you.

With the best Catholic wishes we ask for your priestly prayer and blessing.

Yours sincerely
