Excellency, (Zamora)

the last week I have heard that Fr. Siebert and Fr. Altenbach have been consecrated as bishops instead of we have protested against the consecration. On my letters (2) I have got no answer from You. What has happened?

Enclosed I will send You the copy of a letter which Anacleto send to me: concerning the seminary in Rochester. In this connection I will ask You: What has the returned seminarian told to You. Why You have sent him to Mgr. Musey's seminar instead of Mgr. Vezelis has refused him (not able for the priesthood). Why this seminarian has made his great confession to Mgr. Musey (which is supported by a freemason-like organisation) and not to You?

And still an other question: what is the real reason of the difficulties with Mgr. Zamora?

Waiting for Your answer we will pray that God will give us his grace.

Sincerely Yours
