Dear Doctor Heller

Thank you very much for sending me a copy of *Sinsecht* which I enjoyed reading very much.

I should like to have further issues and enclose a cheque for £2 which probably isn't enough, but I am an old age pensioner, and cannot afford much.

I shall be interested to know if you do publish my treatise on the ordination rites in German. It is going to be published in America by Veritas.

I am working on another Thesis to prove that at least from Paul VI onwards, these men in the Holy See cannot be true Popes. I will let you have a copy when it is ready.

Yours sincerely
E A W Howson
