Dear Dr. Heller,

I thank you for your card of the 18th and for agreeing to publish my work on the new ordination rites, but on page one where it says "since the new rite has suppressed the Form and the Matter, and is silent also, whereby this POWER was annexed"etc." it would be clearer if the you changed it to the following.

"since the new rite has suppressed the Form and the Matter that is the imposition of the bishop's hands and the prayer which accompanies it, whereby this POWER was annexed"etc.....

I hope this is clear, and again many thanks.

Very best wishes,

Yours sincerely,

Eugene Howson
