Dear Dr. Heller,

I am sorry to trouble you, but in moving up here, and disposing as a consequence much of my documentation, I am unable to find the issue or issues of *Einsicht*, in which Archbishop Thuc made his declaration against the usurper John-Paul II, and the list and dates of the bishops whom he consecrated, in order to preserve the Apostolic succession.

I am trying to produce a new treatise on the Sacrament of Order, and I need this information for it. Can you let me have copies, and if so, I will send you what is necessary to cover the cost. I am proposing to deal in detail with the rite of Consecration instituted by Paul VI, and to show that it is invalid, and sacrilegious, and would be pleased to have this information as soon as possible.

Thanking you,

Yours sincerely,
