

March 11, 1976.

Dear Holy Father,

Enclosed you will find the copy of a letter which I sent to the local pastor who in turn received a letter thru the Apostolic Delegate resp. Rome concerning me. Kindly do not forward this copy but burn it, since I do not want to have anything to do with the matter and since I want to retain the Status Quo.

The Cath. Church has always recognized the ordinations of the Orthodox as well as of the Old Catholics, Holland; if this would not be recognized in my case, then it would be the only one. It seems that Cardinal Seper cannot forgive that I was affiliated with Clement for 3 years. I want to have nothing to do with Cardinal Seper. The day will come when God will cleanse the Church and when He will interfere. If there is a baptism of desire, then certainly also a desire to be a member of the Holy Roman Church, which will be recognized by God, even though not by Cardinal Seper...

Holy Father, please burn both letters, otherwise there would only arise difficulties for me.

Day in, day out I am defending you as I wrote you already in 1974 when I was still in Fultonville.

One pays less and less attention to your words. I was so happy that you spoke out against Communism and Protestantism as well as against any kind of birth control, celibacy etc. The bishops do not care about it. Surely there are still good and faithful ones, but few.

It is my firm conviction that Satan has entered the Church as you mentioned yourself about two years ago, and as the Bl. Mother foretold it at La Salette and in other predictions. I can visualize your position.

Today's revolt against Catholic thinking, dogma, doctrine is not an offshoot of two decades but it goes back to the Reformation. It seems that the Nordic Spirit believes to be close to the point when it can demolish the Church. The transalpine countries, Germany, Holland, France, the "Spirits of Revolt" are "finally" in a position... Kyrie eleison. The German bishops, those of Switzerland and Austria have forbidden the true Holy Mass; Cardinal Cody of Chicago likewise and many others. Slowly we are entering apocalyptical times.

Even if a Pope were weak, even if he committed mistakes it would not give us the right to criticize. Our Lord Jesus Christ did not pick out lions to carry His Church, but weak vessels so that His Glory may shine so much the more. He chose St. Peter, who was not one of the strongest; he could have chosen Paul, He did not do it; the greatness of God is revealed in the little ones. The Church will not perish, maybe she will become small, the true Church. What is rotten will fall during the coming catastrophe.

Keep always in mind, Holy Father, that there is a faithful band of souls in the world which stands behind you; this group is powerless at this time. But you have all the celestial armies of the Heavenly Hosts. You have God the Father, the Son, and the Holy Ghost. You have the Mother of the Church the Mother of God. Have no fear. Christ was alone and forsaken when He mounted Calvary, even His most faithful friends had fled. If Christ the Lord had to die on the Cross, then His Spouse, the Ecclesia, will have no other choice, there is

no other way for her but the way of the Cross.

God has chosen you, Holy Father, to be the crossbearer of the Church, do not lose courage. I am standing on the "outside", outside of the "City of God", because hard men are condemning me, but regardless of this I am faithful to the Church. Saint Thomas of Aquinas writes about this in question 95, I believe, that it would be unjust and incomprehensible to leave the true defenders of the City of God outside the walls and if one would close the gates, when the enemy approaches. Today Satan is in the midst of the "City of God"...

I shall never touch the person of the Representative of the Son of God, the Pope, and will not smear his name; for in His Church the Pope is next to Christ Himself. If it is already a sin to call one's brother "fool", how much more so if one touches the God-annointed person of the Pope.

As I told you in my previous letter you are in my prayers in every Holy Mass. I say two Holy Masses every day, I recite the old breviary and the rosary.

Have courage, the Bl. Mother will protect you, regardless of the number of enemies surrounding you.

Pray for me and bless me.

Prostrated before you

I am asking for your blessing,

PS. May I ask kindly again to burn my letters. Remember that there are still many victim souls in the world who are praying for you during during the coming days of sorrow and horror.- I forgot to mention that a high ranking cardinal in Rome let me know that I can say Holy Mass and that nobody can forbid it. He took notice of my documents and knows about my background. Kindly keep it confidential and forgive me for making demands on you.
