+!

Dear Mr. doctor,

as I didn't know German I try writing some English sentences at least. But my English is very poor and therefore I apologize for its low level.

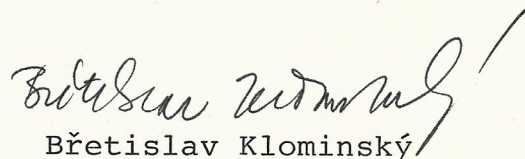

I already met you of 1975 when you visited ThDr. Otto Katzer O. P. in Jablonec n. N. I was meeting Dr. Katzer from 1966 to 1978 when he left for Weißbad.

Thanks to Mr. K. Triebenekl we have to our disposal the translations of the ENSICHTS articles for about 20 years. Therefore I also got Mr. Tello's "Challenge to the faithful catholics". I send you my opinion for the solution of the Pope's election. (Mr. Triebenekl translated my letter.)

If you have a time you can write me German of my adress. My friend translated your text. I very look forward to your answer. Excuse my a lot of mistakes.

With Christ and Mary

Yours

Břetislav Klominský
