Dear Dr. Heller,

I thank you for kindly sending me on the 22nd October, some photographs of the late Archbishop Ngô-dinh-Thuc, together with some copies of 'EINSICHT.'

May Jesus be praised that your publications are true to HIS Church. In fact 'EINSICHT' is one of the best, if not the best religious publication that I have ever read. I would very much like to receive other editions of the publication, but being a traditional priest in IRELAND faithful to the TRUE mass of Pope St. Pius V, I would be unable to afford anything really worthwhile in terms of payment for the magazines, because the people I minister to are poor and hence I have not sufficient monetary funds. The photographs you sent to me of mgr. Thuc were most splendid

However, if you would have any cassette tapes of mgr. Thuc, for example, his sermons, and his public proclamation at Munich in 1982, and any other sermons, conversations etc., that he made and that there are recordings of, I would appreciate if you would kindly forward me copies. Looking forward to your reply, by return, if possible.

Sincerely yours in Jesus and His BLESSED MOTHER,

Revd. Harold James Norwood. P.T.O.

P.S. I would appreciate if you would kindly procure and send me, if possible, a written text of sermons, given by Myr. Thuc, especially, with regard to His "Declaration" in 1982, + any other texts of His other sermons that you may have.

Many Thanks,

N.J.N
