Dear Dr. Heller:

Only a few lines now
because I can not write large.

Mgr. Mussey was here
two days last week for speak
about all problems.

I want to beg you for
the love of our fund to call
Mgr. to Germany, and hear
his own version about Mgr.
Thue, who he knows where
he is, and about mgr
Vezelis. This is very important.
He, Mgr. Mussey, did not want
to be the first in telling you
the "affairs" about Vezelis,
but now that you know, he
says he should like to can
speak personally with you.
It would be very large to
write all, and crating best
that change impressions personally

Mgr. Marsey has not money
to pay his voyage. I asked
him if he authorized me
to ask you for help for him
and he acceded.

It seems to me mgr. is
a good intentioned man.
I think he has enough
reasons for consecrate
the two new bishops.

Please, this is, I think,
the last great favor I beg
you about our Cause.

It is necessary to you to
have the revisions complete.

All our labor is pending
in the curias about the
cases of mgr. Thuc, and
mgr. Vegalis, I think.

Thanks for attention
and pray for us. —
