1. In December last Mons. Carmona received a letter from a woman named Heidi Hagen from Suiza. We name to this affaire the "Hagen movement". Well, in the letter she said she and her group were added to the Mons. Thus consacrations. I have not copy of this first letter but she said m. Carmona that it was necessary to have an international reunion of traditional catholic leaders, priests, laymen, and principally, the bishops of Mons. Thus succession.

She said to m. Carmona that if he wanted the reunion could be in Mexico, and that they have money to pay the travel of all those that need help to travel.

Mr. Hagen told m. Carmona that Mr. Michel Mattet had translate for her a first letter that m. Carmona had sent her only telling her he has received a first one of her when she spoke of her adhesion to Mons. Thus bishops.

I send you here the copies of the letters I have.

In this "affaire" I don't understand the situation of Mr. Mallet, because he help to M. Hagen with her correspondence and at last he advices us about to take care with M. Hagen movement because she is with an antipape!

Well, I am going to return to order in this question.

2- Mons. Carmone didn't tell me about the first letter of M. Hagen, but at the second about the reunion he called me by phone, and as we have accorded to do everything in common accord, I recomended him to don't answer the letter of Hagen. I have told monsieur it is riesgoso for us to have correspondence with people we don't know. We didn't know what for the reunion was. It could be a "tramp". The "Hagen movement" has money for international troubles! Who is behind all this? Who, principally, wants to involve the bishops, our bishops in this unknown movement? To involve mons. Thuc. in this?

mons. Carmona was in accord to don't answer the letter of Hagen, and don't get any compromise with this people.

Then, in order of the questions,

3- In December 16 M. Hagen wrote to M. Carmona the letter whose copy I send you, recognizing mons. Thus again, telling that they are doing propaganda of facts of mons. Thus. that she says he is doing "miracles," etc, so & thinks it is for conquest us for her movement. at last in the letter she mentions an "Ouvre" Pro sacerdotis" that supports M. Hagen. Well, this a combination of people that wants to be under the authority of mons. Thus. and gain us for their plans. Read the letter please.

4- In february 10 last, Michel Mattet wrote me. Well, I don't know if you receive the articles Mattet writes. He as we thinks here, is correct in doctrine and position. Recognizes mons. Thus. But helps to, Hagen with correspondence! I think that it can be

-5-

That in the first time of his relations with Mr. Hagen, he didn't know about the plan of her to be with the anti-pape, so, when he knew, he advertises us.

~~#~~ I send you copy of this letter of Mattet to me. He says he sent ~~me~~ Mr. Carmona money and he didn't obtain answer. I asked Monsieur and he told me he had not received the letter and check. He has not received yet nothing. I spoke by phone with him yesterday!

Well, I didn't answer Mr. Mattet because I don't know him well. He advises us about the adhesion of Mr. Hagen to an anti-pape Peter II. You will see in the letter. Mr. Mattet had wrote me when I published my little book "Jewish infiltration in the Church" and begged for permission of Mr. Carmona and me to reproduce the book in other languages. It was good idea for our cause, but I know to know who are those behind this work

So, in that time I didn't answer him.

at last in his last letter to me he tells us to take care with "Hagen movement". This was in last February.

5 - Very important!

Heidi Hagen without a letter to explain, has send Comons. Comons few days ago the document I am sending copy that is the first "Pastoral letter" "enciclica" or so, of the antipope Peter II!

Read it please. I can not a cause of my eyes, put it in english but you have friends can do. I don't know if you know something about this. The "Peter" mentions Mons.

Gerard de Fauviers, Monsa Sefelore etc. Give us your opinion, but I think I know it!

I am tired of my eyes and must finish. Greetings from my mother. We will have the visit of Mons. Comons next week and I will tell you the news he has.

God bless you all in this Easter!
