Dear Dr. Heller: Happy easter to you!.

I have received your two letters, but I was waiting to have news for you, to write. M. Carmona had his telephone out of service, and he was not in Aca-pulco, because he travels very much in this time.

But I put a telegram to him advertising about Mr. Pohl and beggin M. Carmona to call me inmediately he can. He called me and now I can tell you that Mr. Pohl has not come to Mexico, has not been invited, nobody knows about this travel, and M. Carmona say to you to don't fear nothing about this, because he is not going to do with him nothing if he comes.

I know about the situation and personallity of Pohl because M. Carmone told me lime ago, and I never has been in accord about to relations with this man, and I didn' t knew about the document to found a seminary in Germany. I askes to M. Carmona now, and he told me this: When Mr. Pohl came, he didn't understand he well because Pohl don't speaks language to speak here. But M. -- Carmona knew about his ordination by cismatics. He says he sent phol with you in Germany, giving his the document to be used only if you aprobate the persona and the plain, and if your were going to support him if he has your confidence. If not, nothing to do. Taht Pohl was in accord. Well, I also think that this is fully, and I am not in - accord with this; this bishops actuate as children, and as fully children'! But be quit, that about M. Carmona - nothing is going to succeed. Is Pohl comes it would be by his own way and don't fear about.

I have received the beautiful photo of Katharina! She smiles as an angel, thank you very much - Congratulations! We are sad for the death of the grandfather of tyour mother; tell her please we are praying for him. At that age death is to rest; we here with my mother 82 old, have many complications. I beg Our Lord to left me her more, but without so many pains.

It is probably M. Carmona is coming in this month, and we will speak more about all questions.

Happy easter to you and your dear family and all the friends. I finish now because I want this to go. Mail here is worst very day. Airplains don't go if it is not enough people to travel, and few travel a cause of the situation. And by other ways it is also slowly.

Greetings from my mother to you all.

Yours sincerely,
