Dear Dr. Heller:

I have received your last letter and the foto of our dear little angel Katherina! Congratulations from my mother and I! She is very pretty!...

Now, congratulations also for the next union of Germany, but about the "conversion" of the comunists, we have doubts; we think they must have a plain.

I have a good notice -new- for you. I will publish soon other book; it is in impression now. In march it will be ready. Friends of the Union did an effort for do this edition -little but we think it will be of utility-. The name, "TESTIMONY OF FAITH". It contains my articles about Juan Paulo II in Trento in the years 1978 to 1982. Including the history of the conclaves after the dead of Paulo VI. The book will have we think, 580 pages, and I will send you immediatly we have it. Only I included an article of Prof. Wigand Siebel and other about Sede Vacante of Dr. Disandro. You are mencioned several times about "Einsicht".

I did an introduction of 30 pages. All the book looks to reforce the Sede Vacante conclusion. I think this introduction could be good to be publish in "Einsicht" if you think it is good for information. So, in other package I am sending you certificate this work. You are mention in page number four where I write about Mons. Thuc Declaration.

We are expectant about the next visit of J.P.II. The book will be a good receiviment! ...

All the book is yours to publish what you want. I send the first theme now as a presentation and resume.

Greetings for the friends from my mother also. God bless you all and pray for us as we do for you.

Cordially in Our Lord Jesus Christ,

Gloria Prioste
