Dear Dr. Heller:

With great sadness I tell you and friends that our good friend Anacleto González Flores (Q.E.P.D.) died on June 30 last, one month ago, in México city a cause of an attack of his heart, instantly. I didn't know about this before, because friends thought I knew it by his wife, but his wife was hospitalized three days after the death, with a quirurgical problem, and it was two days ago that she called me to tell me all.

Anacleto was 67 years old. He was borned in Guadalajara city, son of the mártir and leader of the "Cristeros Movement". All his life Anacleto was giving the battle for the faith. We hope now he has his reward. His wife is Emeria Yolanda Rodríguez de González, and a son, Tito, and a girl, María de Lourdes. Very young both. Requiescant in Pace!..

Greetings for the friends and your dear family.

Yours in Jesus Christ,

Gloria Piñero
