Dr. Eberhard Heller
Munich.,

Dear Dr. Heller:

I have received your letter with a month later you writteh; it is because here are many problems with the mail service. I coul not write you soon because I have been sick of my reumatism and did'nt could move in the bed during a month.

I am adding to this the article above Mgr. Carmona q.e.p.d. I think it is good for any time in the "Einsicht".

My mother and I wish you and your dear family merry Christmass and a new year with all kind of blessings!

Yours in Our Lord,

Gloria Prieta
