Dr. Eberhard Heller
Munich

Dear Dr. Heller:

I hope you and your dear family are all right. I was last days in the hospital, but I am well, now.

I am sending you an article if you find it good for "Einsicht". Here in Mexico, and in all Latin America the postconciliarists are giving a great propagation to a "Liturgic Calendar" for 1992, that really it is a "Judeo Catholic" calendar, because it has in every month resalting the dates of judish celebrations, with énfasis in them, excluding the mention of the catholic celebrations in the spaces they give to the explanation of this judish celebrations. I am sending to you a copy of the calendar, and in my article I do an explanation of the great mistakes and falses aseverations in Story and religion. I think this question must be know of more -- catholics posible; it is the comprobation of the advances of the Sinagoga's work into the church.

If you find it good for "Einsicht" it is yours.

My mother sends you greeting and for your family and frinds. Yours in Our Lord, pray for me,

Alvin Priest
