Dr. Eberhard Heller
Einsicht
Munich

Dear Dr. Heller:

We hope you and your dear family and freinds are all right!

I have some news for you. I am adding to this a letter I received from a group Mons. Carmona (RIP) visited in his last trip to europe. A letter and a Declaration that this group has organized to be published principally in Rome in this otomn, they say.

They have begged me for my adession, but I am not in accord with them in their proposition they do about an election of a Pope, soon. As I have tell you I think that this is necessary, and it is of faith the necessity of a Catholic Pope in the Church, but I have said them that I think that at first we shall have the must total unity of catholics in the world, international reunions and studios, before do this of the election.

They purpuse that the election must be by de bishops that in the world could be standing faithfull; I don't know about anything of the old; they are ohly the bishops of the consacrations of Mons. Carmona, Mark Pivarrunas, only, and those of the "formaliter and materialiter" that did Mons. des Laurires. Also there is Mons. Vezelis.

So, I have answer I can not now add myself to the Declaration. I add my answer in spanish, I say all I tell you in this.

As you can see in their letter, they have the adession of several groups in europe:

Pro Sacerdotibus del Dr. Rudolf Gerstner.

Roma, from Argentine,

One of Thomas Tello, and others you can see.

Tello, I think, iniciated the movememente for

the election, soon, of a catholic Pope.

I should like to have more notices about this movements, if you know something; I have beg to this of the Declaration, also, to send me the directions.

I think you are in accord with me that we must be prudent about this movemente of election a Pope in the actual circunstances. We must observe all this. As I have thought, the proposition of Thomas Tello has have echo, and all this can go to a precipitated succes.

Please tell me whta you think about all this. This is only what I think, waiting also to hear others, principally you.

Yours in Jesus Cjhris
