

Bishop's House

Rochester 2/2/1984

Dear Mrs. Kimmig,

I wish to thank you very much for sending your generous help for our seminary. I am very sorry that I could not write to you to thank you sooner. There was some misunderstanding.

The information from our bank regarding money from Germany in August did not have your name or address. Then, the first news we received about your check was in December, 1983. I understood that you sent the money in December and was waiting to receive word from our bank.

It is clear now that the money which we received in August was from you. When we receive word from the bank, there is no indication of the address from whence the money comes. In this way, it is impossible to know who sent the money.

But, I am very happy that we can bring this matter to a good conclusion. I assure you, Frau Kimmig, that we received your money and I thank you again most sincerely.

With my blessing I wish to remain

Sincerely in Jesus and Mary,
